

Initial Build Review Notes

Creative Director: Clara Du

Designer: Gioia Wang

- Home page
 - The responsiveness is great
 - We liked the format of the page with fixed background and scrollable content above it
 - Increase the font size of the paragraphs
 - Play with different fonts to see if we want to keep consistent font for the title and the paragraph
- Interior Pages
 - Are not available currently, will review them next week
 - Keep the chalkboard backgrounds or make it solid color
 - Making things scrollable over the fixed background just like the homepage
 - Continue with the simple and clean design
